

Automation Solutions

MFP AUTOMATION ENGINEERING

Custom Control Panels

- Motor Starters
- Variable Frequency Drives
- Human-machine Interface (HMI)
- PLC Integration
- Remote Access & Monitoring
- Subsystem Controls & Programming
- CAD Design & Documentation
- HPU Controls Packages

MFP Automation Engineering designs and manufactures custom control panels to meet your electrical and design specifications. These can range from small motor starter panels to complex systems with PLC's, HMI touch screen displays, motion controllers, and more.

Subsystems

- Cartesian Systems
- Gantry Robots
- Structural Framing
- Mobile Controls
- Retrofitting
- Fluid Power Conversion
- Controls Upgrades
- Energy Savings

MFP provides solutions for equipment and machine builders of all types, whether you need a complete integrated system or want to build your own with the tailored components that match your performance and price requirements. From single products to bundled systems, we'll help you create the best solution for your business.

Parker Electromechanical

- AC & DC Drives
- Stepper, Servo, & Linear Motors
- Gearheads & Gearmotors
- Drives & Drive/Controllers
- Motion & Machine Control
- Visualization & HMI
- Linear & Rotary Positioners
- Electric Cylinders
- T-Slot Aluminum Framing

When it comes to electromechanical components and solutions, Parker provides an unmatched product portfolio with solutions ranging from the mechanics through the software. As an approved Parker Automation Technology Center (ATC) and Electronic Integration Center (EIC), MFP Automation Engineering has factory trained engineers that can provide professional support and implement full system

Automation Components

- Variable Frequency Drives
- Sensors & Safety
- Linear Transducers
- Electric Motors & Soft Starters
- Cables & Connectors
- Cable & Hose Carriers
- Buttons, Switches, Indicators
- Control Panel Accessories
- Gearboxes & Gearmotors

MFP Automation Engineering partners with leaders in the automation industry like Contrinex and Gemco to name a few. We strive to be a one stop shop for the components you need as well as a trusted resource for product knowledge and support.
