

Introducing the PCV-1...

Proportional pressure control valve from Michigan Fluid Power!

Contact:

Michigan Fluid Power, Inc.
4556 Spartan Industrial Dr SW
Grandville, MI 49418

616-538-5700

Product Features:

- Onboard electronics
- Low hysteresis
- Linear pressure vs. command
- Robust zero-leak construction
- Sealed proportional force motor
- Built-in 40 micron pilot filter
- Convenient NFPA D03 mounting interface
- Interface cable to match existing "MS" style connectors
- Custom configurations available

Setting the Standard in Motion Control
