

Oil Transfer Equipment

Dispensing containers and colour-coded lids have been tried and proven in the toughest work environments.

- ✓ Durable
- ✓ Easy to use
- ✓ Efficient and Safe

The #1 transfer container system in the world

Available in 10 colors
Bright colours make OilSafe dispensers easy to find and easy to color code lubricant grades.

Storage Lid

OilSafe drums can be pre-filled for storage or easier transportation with this lid. A convenient alternative to handling bulky 20 liter drums.

Beige	100100	Mid Green	100105
Black	100101	Orange	100106
Blue	100102	Purple	100107
Dk Green	100103	Red	100108
Gray	100104	Yellow	100109

Utility Lid

Multi purpose lid with large outlet hole ensures controlled fast pouring of lubricants. Match this lid to 3, 5 or 10 liter drum for use with OilSafe pump.

Beige	100200	Mid Green	100205
Black	100201	Orange	100206
Blue	100202	Purple	100207
Dk Green	100203	Red	100208
Gray	100204	Yellow	100209

Stretch Lid

Designed for use where precise pouring of lubricants is required including hard to reach areas. Ideal for lower viscosity oils (<ISO 220).

Beige	100300	Mid Green	100305
Black	100301	Orange	100306
Blue	100302	Purple	100307
Dk Green	100303	Red	100308
Gray	100304	Yellow	100309

Mini Spout Lid

With an outlet diameter of approx. 7mm this mini spout is ideal for lubrication jobs where equipment filler holes are small.

Beige	100400	Mid Green	100405
Black	100401	Orange	100406
Blue	100402	Purple	100407
Dk Green	100403	Red	100408
Gray	100404	Yellow	100409

Stumpy Spout Lid

This wide spout model is especially designed for applications where a higher lubricant flow is required.

Beige	100500	Mid Green	100505
Black	100501	Orange	100506
Blue	100502	Purple	100507
Dk Green	100503	Red	100508
Gray	100504	Yellow	100509

Drums

OilSafe drums are fully interchangeable with OilSafe lids. The drums have an extra wide neck opening for rapid pouring and easy cleaning.

1.5 Liter/US Quart	101001
2 Liter/US Quart	101002
3 Liter/US Quart	101003
5 Liter/US Quart	101005
10 Liter/US Quart	101010

Hoses

Flexible spout hose attachments for awkward or hard to reach areas. Stumpy hose extension fits the stumpy spout lids. The stretch hose extension fits the stretch and mini spout lids.

Stretch extension hose	102020
Stumpy extension hose	102021

Pumps

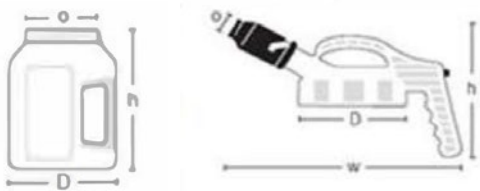

The standard pump will handle up to ISO 460 fluids. Delivers 1 liter for approx. 12 strokes. Match with utility lid and a 3, 5 or 10 liter OilSafe drum. Handle up to ISO 682. The premium pump is a heavy duty, color coded discharge pump with fully serviceable internals for maximum life.

Standard pump	102000
Pump reducer nozzle	102030

MATERIALS

Drums & lids	HDPE*
Hoses (nozzle, plug, connector and ring)	HDPE
Pump hose	PVC group 2
Pump nozzle	Aluminium
Pump extension sleeve	HDPE
Pump shaft	Mild Steel
Pump body	Nylon Polyamide PA6
Pump cylinder	Zinc plated Mild Steel
Service temperature	-40 to 80 °C
Additives	UB stabilizer, antistatic additive
Sealing components	Nitrile (Buma N)

Note:
Contact with strong Oxidizing acids (eg. Ozone, Hydrogen, Peroxide, Halogen etc.) should be avoided. Not suitable for solvents or fuels.

Issue: Limited Space Solution: Satellite Lube Room

When your lubricants are subject to remote or extreme conditions and interior space is limited, OilSafe's Satellite Lube Room offers a stand-alone system with placement flexibility and state-of-the-art features. This convenient storage protects lubricant quality and lifespan by reducing handling errors and controlling the operating environments.
