April 17, 2023

MFP is a leader in the fluid power industry specializing in hydraulics, pneumatics, automatic lubrication systems, and electrical automation. Our approach to the market is from a technical, problem solving aspect to best meet our customer's needs. Educating our customers about the advancements in automation technology has become the underlying theme for MFP Automation Engineering and continues to be a source of growth for our company. MFP is looking to hire a dedicated individual to fulfill our Project Coordinator/Buyer position and join the MFP team.

Title: Project Coordinator

Status: Full Time exempt/non-exempt

Department: Procurement & Scheduling

Reports to: Department Team Lead

Purpose of the Position: The Project Coordinator provides support to the quoting, production & procurement teams. This team member is responsible for accurate pricing, timely delivery of products and scheduling communication to ensure on-time delivery to our customers.

Job Responsibilities:
